

Chalet Cocoon

6 Rooms

Description

New development of an individual chalet designed as a primary residence. Located in the Chevillard area, on the edge of the forest, the chalet overlooks the valley and enjoys an exceptional panorama of Verbier and the surrounding peaks.

With a total surface area of 455 m², the property impresses with its generous volumes. A spirit of authenticity, noble materials — natural stone, old wood, and slate — create a harmonious blend of tradition and modernity. The future owner will also have the freedom to personalize the finishes according to individual taste, creating an interior that truly reflects their vision.

A dedicated wellness area includes an indoor swimming pool, a sauna, a fitness room, and a home cinema.

A two-car garage and several outdoor parking spaces complete the features of Chalet Cocoon. Intended as a primary residence, this property is available to Swiss buyers, B or C permit.
